Can you paste a tiny bit of it into your question, like this? I get "The requested URL / was not found on this server" That doesn't tell me anything. You need to tell me everything, in simple and clear English (how to ask for help on this site doesn't really matter). Tell me the exact message you receive. Tell me when it happens, and describe exactly when it is. Tell me what you have tried, when you tried, what happened, and any errors you got (what did you get in the error you see in your browser?). Also include any relevant context. You can ask google to help you in
